- Patented ETG mechanism for maximum trigger action on every stroke.
- Model A-377-JG-2 2 in 1 Joist Guide included.
- Also available SW-1 Surface Wheels for Smooth Surfaces
- Also available CG-1 Concrete Guide for Expansion Joints

OPERATING INSTRUCTIONS

- Push the Thumb Release button.
- Pull back on the T-Bar until it stops.
- Place back of cartridge into Barrel and slide into position.
- How to Use 2-in-1 Joist Guide (Model A-377-JG-2):
 1. Place the T-Bar on the ground while holding gun in upright position.
 2. With one hand holding barrel, grasp the 2-in-1 Joist Guide with free hand and firmly pull. The guide should pull out of the socket and may be flipped over to accommodate a larger or smaller joist size.
 3. Some force may be required to insure the guide locks in the proper position.
